## **Special eBook Report from General Bert** ***The Great Culling Tipping Point*** **It's Not Just White Men Dying in America**

November 2015 General Bert Exposed  
**"WHITE MEN DYING IN AMERICA"**

**Now We Know ALL Americans Will Be Dying Sooner**  
**The Population Crash I Warned You About Is Now Obvious**

**Major General Albert N. Stubblebine III (US Army, Ret)**  
**President, Natural Solutions Foundation**  
**[www.DrRimaTruthReports.com](http://www.DrRimaTruthReports.com)**

Late in 2015 I wrote, "*White men are dying in America. Not just your ordinary 40-55 mortality deaths, but something special, ominous and predictable which is a prelude for something much, much worse if we do nothing.*" And I was right. Now it appears white women, long thought the healthiest Americans, are dying sooner too.

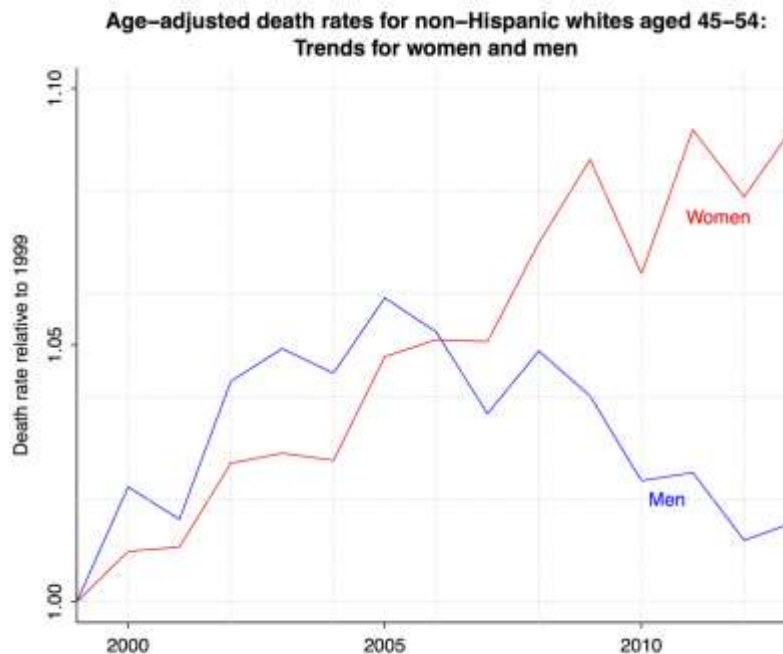

"For several decades, life expectancy among white women had been on the rise. Not anymore. According to Urban Institute data, between 1999 and 2013, white women's death rates increased by nearly 12 percent, from 126 deaths per 100,000 women to 140 deaths. Such a wholesale and systematic reversal in life expectancy

trends is extremely troubling, the researchers say—an "extreme indicator" that suggests large health declines in a broader population..."[1]

And the most recent data point:

"Dementia Now Afflicting People in Their 40s as Mercury from Vaccines Causes Slow, Degenerative Brain Damage" - <http://www.realfarmacy.com/dementia-mercury-vaccines/> (June 18, 2016)

"Some researchers have predicted that lifestyle factors like obesity will halt or even reverse the rise in life expectancy for the first time in modern history. In an article published in the New England Journal of Medicine in 2005, epidemiologists warned that in the United States - where two-thirds of the population is overweight or obese - obesity and its complications, like diabetes, could very well reduce life expectancy at all ages in the first half of 21st century." [2]

**Let me be clear: no death of a person in his/her prime is acceptable. But statistically, white men and women in America were better fed, better protected and better tended-to than other groups and tended, therefore, to have a lower mortality rate than other groups of similar age.**

**No longer. And the use to which this statistic may be put may change your life, shorten it or simply kill you or the children you care about.**

**In order to "protect us all", I predict that drugs will be added to our water and vaccinations and other dangerous measures will be forced upon us without any semblance of Informed Consent. You can, frankly, see (and smell) it coming miles away.**

The Wall Street Journal broke the news on November 3, 2015 [3]: for white men in America, the quintessential group of privilege, a century of increased life span is coming to an end, with, for the first time a decline in longevity shortening the white male life expectancy more each year. Men 45 to 55 years-old are now showing a decades-long decline in longevity. Every year during the past decade and a half, since 2000, this group has experienced **a one percent per year increase** in mortality.

This is momentous and very disturbing news. **For the first time in American history, one age cohort, white males (and now it appears, females) heading into their fifth decade, cannot expect to live longer than their parents.** This should shock you. While other age groups, older and younger, do not *yet* show a similar pattern, I predict they will. In fact, the next younger cohort has leveled off in longevity increase. I predict they will now start to decline.

**The World Health Organization has already predicted that children born in or after 2000 will statistically be *outlived* by their parents.**

They have also predicted that these same children will have a 50% chance of contracting cancer and either surviving it or succumbing to it by their 18<sup>th</sup> birthday.

But the affected cohorts are not yet old enough to show the effect and it is only a prediction based on statistical modeling (and the wishful hopes of depopulationist policy makers, of course).

**This is different. These white American males -- and now it appears females -- have been increasing their death rates in an *accelerating* line for the last 15 years.**

I predict that very soon, we will be informed that our water and food is being used as a vehicle to add drugs to prevent suicide in this cohort. When they start the forced psychiatric drugging of water and food that will change your life and your children's. *Mark my words: it is coming if we do nothing.*

First, let's examine the alleged causes (and note the use of the word, "alleged", please) of this dramatic, marked degradation of life span for the male group. WSJ hints at the truth: "**suicide**, alcohol abuse, **drug overdoses and chronic liver diseases** largely drove the rise...." [Emphasis added – General Bert]

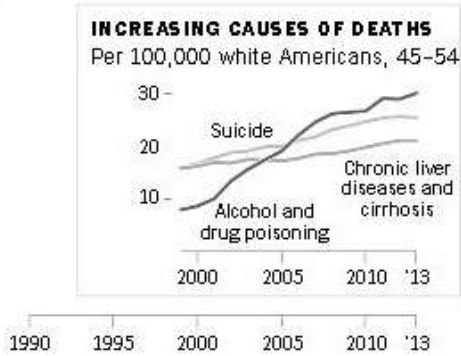

Other media reports focusing on the same data cite the **increasing availability of certain psychiatric drugs since 1999**, the year before the sudden sharp acceleration of death. These are drugs that Dr. Rima continually warns against *anyone* using. She notes that these drugs have "side effects" such as **suicide and liver damage**.

By the time the men reach the "death belt age" on their longevity charts, far more than half of them are taking drugs for psychiatric purposes, cholesterol lowering, blood sugar regulation, blood pressure control and more. It is well known that psychiatric drugs enhance and stimulate suicidal and homicidal thoughts and feelings and, worse, acts -- so one of the causes of death is clearly linked to this common, and entirely unnecessary, pharmaceutical intervention.

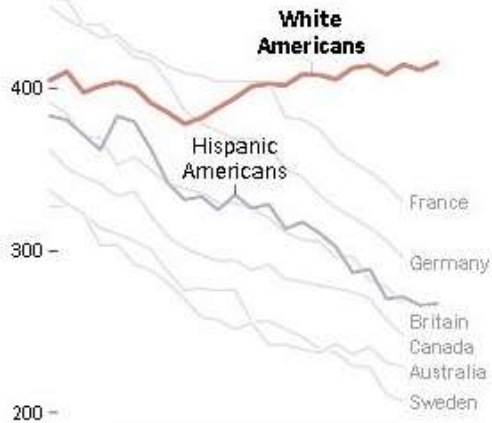

## Dying in Middle Age

Death rates are rising for middle-aged white Americans, while declining in other wealthy countries and among other races and ethnicities. The rise appears to be driven by suicide, drugs and alcohol abuse.

DEATHS per 100,000 people aged 45-54

Emotional suffering should not be ignored. But what psychiatrists like Dr. Rima and other Advanced Health Care practitioners understand well is that there are safe, natural and effective means of enhancing emotional and mental well-being without the use of dangerous, addictive and brain-damage-inducing drugs.

**These drugs are specifically known to damage the Cytochrome P450 enzyme detoxification system in the liver, our principle organ of detoxification.** When that complex and vital system is damaged, not only are the drugs not eliminated properly, elevating their effective concentration dangerously as the body cannot rid itself of the chemicals by breaking them down (while the patient continues to take the drugs obediently) but the stress on the liver is enormous, leading to damage to the organ itself. Liver failure is listed as one of the principle causes of increased mortality in this age group.

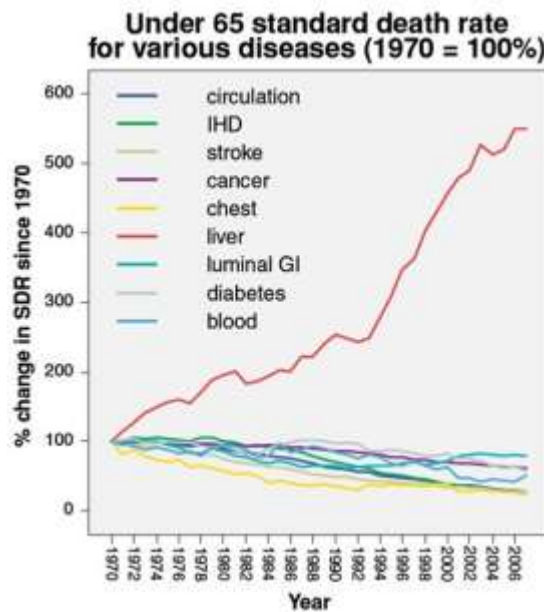

Cytochrome P450

Similarly, many of these men are taking drugs to lower [perfectly normal] cholesterol levels, understood by biochemists and Advance Medicine practitioners to be up to 230, but lowered to a bizarre and dangerous statistical “normal” of 100 created to sell drugs. People with total cholesterol lower than 150 are at known risk for suicide, depression, fatal accidents and a host of other potential causes of death to say nothing of heart disease, erectile dysfunction, Alzheimer’s Disease and other dementias.

That makes great sense, of course, when you consider that cholesterol is the literal building block of a host of hormones and of 50% of the volume of the brain itself.

**The statin drugs cause depression/suicidality, and also suppress immune, liver and kidney function, causing stress and damage so the liver will, of course, be likely to show damage and fail.**

**Although most people are not aware of it, there is virtually nothing known about the impact of multiple drugs taken at the same time by a patient. Yet polypharmacy (*many drugs*) is the rule, not the exception and is shockingly, carelessly and, I contend, lethally combined with dangerous vaccines and other environmental and medical assaults, killing white men in America – and everyone else.**

Similarly, blood sugar regulating drugs are disastrous in their long and short term biological, immunological, hepatic and renal impact. Diabetes is an auto immune disorder precipitated by insults like drugs such as those taken by men in this age group in huge numbers. Additional, and equally serious insults like vaccines, radiation (diabetes is a well-known side effect of radiation therapy, by the way) and other dangerous technologies pushed upon us without our Informed Consent are poisoning our ability to detoxify ourselves and, quite literally, killing us.

We know that infants and children succumb to the biological burden of combined vaccines, becoming autistic, asthmatic, arthritic, inattentive, diabetic and otherwise seriously damaged. Is it really so surprising that adults, specifically men between 40-55, are also succumbing to a continual onslaught of assaults supplied by the medical profession first and foremost permitted by careless, dishonest and corrupt regulators who allow the contamination of our foods with horrifyingly dangerous cancer and other disease-causing chemicals and genetic modification, the impact of which is largely unknown but, where understood, is nothing short of disastrous?

I have labeled these technologies “Genomicidal” that is, technologies intended, yes, INTENDED, to eliminate us through a direct assault on our genome, our DNA itself. My considered opinion is that the "Genomicidal Technologies" [prescription drugs, vaccines, nuclear power, GMOs, geoengineering, environmental toxins, microwave radiation] are the root cause of the now evident population collapse being observed in many sectors and, for the first time, in a specific US age and race cohort.

These people, parents, spouses, siblings, bosses, employees, entrepreneurs, neighbors, priests, rabbis, truck drivers, college professors, sons, friends - are dying from Genome Disruption Syndrome – and so are you and your children. See: [www.GDStherapy.com](http://www.GDStherapy.com).

As I pointed out in my recent eBook, "An Elite at War with the World: The Great Culling Has Begun"[4]

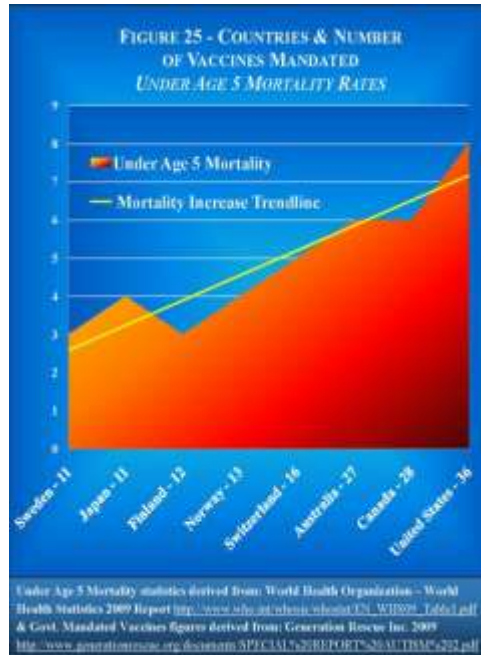

*"The intended outcome of this war is what we have been informed is referred to by these elite as 'The Great Culling' -- the depopulationist elite's explicit, generations-in-development and well-articulated plan to reduce the human population to a half billion people, roughly what it was before the modern era. Yes, the elite intend to return to the pre-industrial feudal world where, except for the elite, life was brutish and short. Their explicit aim is, as they put it, to usher in a Neo Feudal Order with themselves as the Neo-Aristocrats."*

**You must understand that what we now see happening to the 40 and 50-somethings will soon be obviously happening to us all.** For example, the horrendous increase in vaccine-caused autism has been accompanied by a tremendous increase in infant mortality.

When you consider that **recommended** vaccinations on the CDC's Advisory Committee on Immunization Practices (ACIP) schedule are converted into **mandates** by both pediatricians who deceitfully tell parents that the vaccines are "required" and by crony-corrupt State legislatures who take that option upon themselves (regardless of the lack of either logic or health promoted by such public policy) those numbers make dreadful sense.

It is no accident that the United States, with the most aggressive "recommended" infant vaccination schedule, also has the highest infant mortality for the first day of life, the first year of life and the first five years of life, of *all* the "advanced" nations.

That horrific level of infant mortality is higher than dozens of NON first world nations as well.

Add to the increased mortality of the very young and the middle aged the use of the "Glasgow Protocol" which allows doctors to make cost-containing *Pull-the-Plug* decisions without the consent or participation of either patients or families to speed the deaths of the "useless eater" elderly and you can see the imminent population collapse actually appearing in the statistics that even the cover-up artists at the CDC can no longer hide. Hence the Wall Street Journal report.

***The accelerating population crash of white men and women in America in the prime of their life is only the first such group crash.***

To me, these are clearly iatrogenic (doctor-caused) deaths for which the regulatory corporate cronies and the medical establishment must be held accountable. Medical professionals are deeply complicit in these Crimes Against Humanity [5] since they are well schooled in biochemistry and pathology and, were they not so slavishly obedient to the wishes of their pharmaceutical masters, would ask questions on behalf of their patients rather than lavishing them with toxic drugs and vaccines as if they could possibly induce anything but more problems up to, and including, death.

## Forced Vaxx is a Crime Against Humanity

### The Nuremberg Code on Medical Ethics

"...voluntary consent ...is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, **without the intervention of any element of force, fraud, deceit, duress, over-reaching, or other ulterior form of constraint or coercion**; and should have sufficient knowledge and comprehension of the elements of the subject matter involved, as to enable him to make an understanding and enlightened decision." <http://www.hhs.gov/ohrp/archive/nurcode.html>

<http://tinyurl.com/vaccination1sviolation>

They would also direct them to safe, effective, non-toxic health strategies like herbs, nutrients, nano silver, CBD, frequency therapies and so forth and unhesitatingly recommend that they avoid any vaccinations like the plagues-inducers that they are.

***You've been warned. Now, what will you do about it? Will you continue to fill prescriptions and take vaccines because you are told to comply? Will you allow yourself and your family to become members of the next population collapse group?***

I am proud to be a Founder and to serve as the President of the Natural Solutions Foundation which has become the world's most impactful and largest organization of its type. As we say, "Solutions" is our middle name. What Solutions does Natural Solutions Foundation have for you? Simple: you must act now; putting off the Action Steps you need to take is no longer possible if you wish to avoid the fate being prepared for you by the depopulationists.

By the way, they reaffirmed their intentions on September 25-27, 2015 when they announced the unthinkable plans for depopulation and enslavement contained in *Agenda 2030*, perhaps the most dystopian document ever released to the general public. They released it as a *done deal* of a plan for the planet.

<http://www.TruthAboutAgenda21.com>

*We'll be working together to un-done-deal it!* Here are the basic and essential steps you need to take now for yourself and your family:

### **[1] Protect and Assert Your Right to Informed Consent**

You already have a legally protected right to a vaccine exemption no matter where you live in any country which is a member of the Geneva Conventions [6] IF, and only if, you assert that right correctly. I invite you to join me and become a Vaccine Refuser proudly carrying the Advance Vaccine Directive card, which Dr. Rima calls the "Embodiment of Vaccine Resistance" – available here: <http://tinyurl.com/AVDcard> .

**With the Advance Vaccine Directive card you can refuse any vaccine or, if vaccinated against your expressed wish, will have serious grounds for**

**malpractice and assault charges against those who violated your Informed Consent.** Note, however, every member of your family requires his/her own card in order to be protected.

## **[3] Inform and Direct Decision Makers**

Tell decision makers to support our already legally protected Informed Consent Rights: <http://tinyurl.com/InformedConsentPetition>
